Cultural Heritage Partners, PLLC, Holds US/ICOMOS Webinar for ACRA Members

On September 13, Marion Werkheiser of Cultural Heritage Partners, PLLC hosted a webinar for members of the American Cultural Resources Association (ACRA) to discuss ways in which member firms may expand their activities to include the growing field of international development. ACRA is the national trade association for cultural resource management firms.

Ms. Werkheiser was joined by Donald Jones, Director of US/ICOMOS, who talked about the extensive, but underutilized, worldwide network of 10,000+ heritage conservation professionals that make up ICOMOS. Heritage development funding through such international lending institutions as the World Bank presents new opportunities for American expertise to be applied abroad and for American firms to collaborate with in-country firms and organizations to assist with heritage development projects.

44th Annual EDRA Conference

May 29 - June 2, 2013

The Environmental Design Research Association (EDRA) is hosting its 44th annual conference in Providence, Rhode Island, May 29-June 1, 2013 in partnership with the School of Architecture, Art and Historic Preservation at Roger Williams University. We are broadly inviting submissions that address the intersection of environmental design and behavior and the built environment. More specifically, however we encourage submissions of proposals that address the identification and conservation of aspects of historic environments that positively influence multiple dimensions of health

Charleston, South Carolina

(e.g., physical, psychological).

EDRA is an interdisciplinary organization that was founded in 1969 to encourage social science research that would influence design in order to produce better places for people. Attendees at its conferences are diverse and include architects, landscape architects, planners, historic preservationists/heritage conservators, social scientists, practitioners, and academics, among others. While its conference programs have always included papers that address heritage conservation, there has been an increased focus at EDRA on this topic since the founding of the EDRA Historic Preservation Network in 2007.

More information on the conference and submission requirements is at: <http://www.edra.org/edra44providence>. The submission deadline is September 21.
